Freedom to choose!

Any angle you want; it’s your choice.

No tubing, no foot pedal!
The iStar™ is a cordless handpiece designed to make dental hygiene procedures easier, faster and less stressful.

Freedom from handpiece hoses and foot pedal
- No foot pedal is necessary, meaning one less thing to clutter the operatory.
- The lightweight cordless design offers less stress on your hand and body.

Select the disposable prophy angle of your choice
- You no longer need to sacrifice your preferred angle in order to go cordless.

Variable rotational controls
- Able to choose stable speed by selecting five levels from 500-2500 rpm.
